## How does it work?

Hospital Indemnity Insurance pays a benefit for an eligible confinement or other covered loss that occurs on or after your coverage effective date and subject to any exclusions in your Certificate. The following is a summary of the benefits provided by Hospital Indemnity Insurance. For a list of standard exclusions and limitations, go to the end of this document. For a complete description of your available benefits, exclusions and limitations, see your certificate of insurance and any riders. The coverage amounts are listed below.

Each available admission benefit is payable up to a maximum of 1 per calendar year.

The admission and daily confinement benefit amounts depend on the type of facility and the number of days of confinement. Only one type of confinement or admission benefit is payable per day. Any combination of confinement and admission benefits payable will not exceed a total of 32 days during a period of confinement.

### When your stay begins

When you are admitted to a covered medical facility, you become eligible for an admission benefit for the first day of confinement. This benefit is payable once per confinement, up to a maximum of 1 admission per calendar year:

Type of Admission	Benefit Amount Option 1
Hospital Admission	\$500
Critical Care Unit (CCU) Admission	\$500

### As your stay continues

Beginning on Day 2 of your confinement, for each day that you have a stay in a covered facility, you'll be eligible for a fixed daily benefit payment. The benefit amount and maximum number of days per confinement varies by facility:

Type of Facility	Daily Benefit Option 1
Hospital confinement (1 x the daily benefit amount, up to 10 days maximum per confinement)	\$100

Critical Care Unit (CCU) confinement (2 x the daily benefit amount, up to 10 days maximum per confinement)	\$200
Rehabilitation Facility confinement (1/2 of the daily benefit amount, up to 10 days maximum per confinement)	\$50

### Observation Unit

At least 4 consecutive hours but less than 20 consecutive hours, other than as an inpatient. Not payable for any day that a facility confinement or admission benefit is payable.	\$100

### If you add a child to your family

Hospital Indemnity Insurance benefits are available if you have employee or spouse coverage and the insured employee or spouse is hospitalized for childbirth. In addition, your newborn children may be covered as well. See below for more details and for a complete description of your available benefits, exclusions and limitations, see your certificate of insurance and any riders.

#### If child coverage is effective before the child is born

- Benefits will apply just as they would for any other child.

#### If child coverage is NOT effective before the child is born

- A one-time benefit of \$150 is payable for the newborn child's birth
- No admission benefit is payable.

### Take your coverage with you

#### Portability

If you are in a situation where you will lose eligibility for benefits, such as reduced hours, termination, or a life event such as divorce, you may want to continue your insurance coverage. Portability allows you to continue your coverage under the same group policy by paying your premiums directly to the insurance company.
