Rainwalk optional policy riders

- 1. Exam fee package:** This is ideal for the highly concerned pet parent, especially in their first year of pet ownership. This provides coverage for pet health examinations that don't lead to a diagnosis of an illness or a condition. (Examinations that find an illness or diagnosis, or those needed in the course of treatment, are covered in the base policy.)
- 2. Boarding, holiday cancellation and lost pet advertising package:** This package provides benefits for common, non-medical emergency pet expenditures such as boarding in case of a pet parent's personal medical emergency, an advertising and reward benefit if an insured pet goes missing, and reimbursement for lost deposits on pet services due to an emergency trip cancellation.
- 3. Breeding package:** Covers health conditions associated with the recreational, non-commercial breeding of your pet.
- 4. Holistic and alternative treatment package:** This package expands coverage to include these alternative treatments, when prescribed by a veterinarian: Acupuncture, Chiropractic, Homeopathy, Hydrotherapy, Naturopathy, Physical therapy, and Rehabilitative therapy.

Don't just take our word for it

It's easy to claim your coverage is the best and your services deliver a great experience. What matters is what the people who use the program think, and there's no better source than TrustPilot. Their consumer ratings are the gold standard when it comes to customer satisfaction. That's why we are very proud to say Rainwalk has earned an astounding 4.7/5 rating.
